The Environment and Elections By Jen Brock-Cancellieri Maryland League of Conservation Voters

We are lucky in Maryland to have a great number of elected leaders who we call friends and champions, but we also have a some elected officials who can not be counted on to vote for strong environmental legislation --- even though many of them are from communities where protecting the environment is a strongly held value. It is imperative that during elections we support those Republican and Democratic legislators who stand with us on the front lines as we fight together for strong environmental legislation. Jen will also talk on the national League of Conservation Voters and what they are doing to elect pro-conservation candidates nationally.

The Baltimore Green Forum is using a new format, with a 45 minute presentation, followed by discussion and announcements, then an hour for optional break-outs into Affinity Groups. As always, there will be time for announcements and networking.

The Purpose of the *Baltimore Green Forum* is to seek to improve the quality of all life in the greater Baltimore area. Our contribution to this goal will be to gather monthly in order to: **Discern** the progress towards regional sustainability that has already been achieved, **Discover** the connections amidst the chaos of the movement and build a community of like-minded individuals, and **Do** take appropriate action to address the challenges we face together. BGF is open to the public and is free of charge, but donations to Maryland Presbyterian Church are greatly appreciated. For questions, to co-sponsor, or to RSVP, contact baltimoregreenforum@gmail.com or 301-345-2234.
